## 1. Aims

The aims of our first aid policy are to:

- > Ensure the health and safety of all staff, pupils and visitors
- > Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- > Provide a framework for responding to an incident and recording and reporting the outcomes

# 2. Legislation and guidance

This policy is based on advice from the Department for Education on <u>first aid in schools</u>, <u>health and safety in</u> <u>schools</u> and <u>actions for schools during the coronavirus outbreak</u>, and the following legislation:

All schools add:

- The Health and Safety (First Aid) Regulations 1981, which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- The Management of Health and Safety at Work Regulations 1992, which require employers to make an assessment of the risks to the health and safety of their employees
- The Management of Health and Safety at Work Regulations 1999, which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training

<sup>©</sup> The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

- The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- Social Security (Claims and Payments) Regulations 1979, which set out rules on the retention of accident records
- The Education (Independent School Standards) Regulations 2014, which require that suitable space is provided to cater for the medical and therapy needs of pupils

## 3. Roles and responsibilities

### 3.1 First aiders

The school maintains an appropriate number of trained first aiders to cover areas of greatest risk.

School office: all school office staff are first aid trained. They are the first point of contact for any student first aid issues and are responsible for contacting parents and emergency services where appropriate if a student is injured/unwell.

There are always trained first aiders in the following departments: PE, Science, Design Technology, Inclusion

There are additional first aiders across other teams/departments

First aiders are trained and qualified to carry out the role (see section 7) and are responsible for:

- > Taking charge when someone is injured or becomes ill
- Ensuring there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits
- > Ensuring that an ambulance or other professional medical help is summoned when appropriate
- Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- Sending pupils home to recover, where necessary
- Filling in an accident report on the same day, or as soon as is reasonably practicable, after an incident
- > Keeping their contact details up to date

Details of our school's first aiders are displayed prominently around the school.

## 3.2 The governing board

The governing board has ultimate responsibility for health and safety matters in the school, but delegates operational matters and day-to-day tasks to the headteacher and staff members.

## 3.4 The Headteacher and Business Manager

The headteacher is responsible for the implementation of this policy, but delegates responsibility to the Business Manager for operational matters, including:

- > Ensuring that an appropriate number of trained first aiders are present in the school at all times
- Ensuring that first aiders have an appropriate qualification, keep training up to date and remain competent to perform their role
- > Ensuring all staff are aware of first aid procedures
- > Ensuring appropriate risk assessments are completed and appropriate measures are put in place

- Undertaking, or ensuring that managers undertake, risk assessments, as appropriate, and that appropriate measures are put in place
- > Ensuring that adequate space is available for catering to the medical needs of pupils
- > Reporting specified incidents to the HSE when necessary (see section 6)

#### 3.5 Staff

School staff are responsible for:

- > Ensuring they follow first aid procedures
- > Ensuring they know who the first aiders in school are
- > Completing accident reports for all incidents they attend to where a first aider is not called
- > Informing the headteacher or their manager of any specific health conditions or first aid needs

## 4. First aid procedures

#### 4.1 In-school procedures

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents
- If emergency services are called, the office staff will contact parents immediately
- > The first aider/relevant member of staff will complete an accident report form on the same day or as soon as is reasonably practical after an incident resulting in an injury

**During coronavirus**: first aiders will follow Health and Safety Executive (HSE) guidance for <u>first aid during</u> <u>coronavirus</u>. They will try to assist at a safe distance from the casualty as much as possible and minimise the time they share a breathing zone. Treating any casualty properly will be the first concern. Where it is necessary for first aid provision to be administered in close proximity, those administering it will pay particular attention to sanitation measures immediately afterwards including washing their hands.

#### 4.2 Off-site procedures

When taking pupils off the school premises, staff will ensure they always have the following:

- > A school mobile phone
- > A portable first aid kit
- Information about the specific medical needs of pupils
- > Parents' contact details

Risk assessments will be completed by the Business Manager and Trip Leader prior to any educational visit that necessitates taking pupils off school premises.

There will always be at least 1 first aider on school trips and visits.

<sup>©</sup> The Key Support Services Ltd | thekeysupport.com/terms

**During coronavirus**: we will take account of any government advice in relation to educational visits during the coronavirus pandemic.

## 5. First aid equipment

## 5.1 First Aid Kits

A typical first aid kit in our school will include the following:

- A leaflet with general first aid advice
- Regular and large bandages
- > Eye pad bandages
- > Triangular bandages
- > Adhesive tape
- Safety pins
- > Disposable gloves
- > Antiseptic wipes
- > Plasters of assorted sizes
- Scissors
- > Cold compresses
- Burns dressings

No medication is kept in first aid kits.

First aid kits are stored in:

- Reception
- > All science labs
- All design and technology classrooms
- The Sports Hall
- > The school kitchens
- School vehicles

#### 5.2 Automated External Defibrillators (AEDs)

The school maintains two AEDs, located as follows:

- Reception
- > The Sports Hall

First aiders are trained to use the AED.

The Premises Team is responsible for checking the devices regularly and replacing batteries.

## 6. Record-keeping and reporting

#### 6.1 First aid record

- > Office staff will maintain a record of minor injuries to students.
- > This will include details of the injury and any treatment provided.

© The Key Support Services Ltd | thekeysupport.com/terms

Records held in the first aid and accident book will be retained by the school for a minimum of 3 years, in accordance with regulation 25 of the Social Security (Claims and Payments) Regulations 1979, and then securely disposed of.

### 6.2 Recording incidents and near misses

- All staff will report any significant incident, including near misses to the Business Manager for logging onto the online incident reporting portal operated by the school's H&S advice service providers
- The definition of what constitutes a serious incident or near miss is based on the guidance provided by the school's H&S advice service providers.
- This will include full details of the incident, any injuries sustained, any person(s) involved or witnessing the incident, any first aid treatment provided at school, any subsequent medical treatment accessed (e.g. attendance at A&E) and any related absence from work/school.
- Incidents will be reviewed by the school's H&S advisors and any follow up actions agreed and monitored for completion.
- Records held in the incident log will be retained by the school for a minimum of 3 years, in accordance with regulation 25 of the Social Security (Claims and Payments) Regulations 1979, and then securely disposed of.

## 6.2 Reporting to the HSE

The Business Manager will keep a record of any accident which results in a reportable injury, disease, or dangerous occurrence as defined in the RIDDOR 2013 legislation (regulations 4, 5, 6 and 7).

The Business Manager will report these to the Health and Safety Executive as soon as is reasonably practicable and in any event within 10 days of the incident.

Reportable injuries, diseases or dangerous occurrences include:

- Death
- > Specified injuries, which are:
  - Fractures, other than to fingers, thumbs and toes
  - Amputations
  - Any injury likely to lead to permanent loss of sight or reduction in sight
  - Any crush injury to the head or torso causing damage to the brain or internal organs
  - Serious burns (including scalding)
  - Any scalding requiring hospital treatment
  - Any loss of consciousness caused by head injury or asphyxia
  - Any other injury arising from working in an enclosed space which leads to hypothermia or heatinduced illness, or requires resuscitation or admittance to hospital for more than 24 hours
- Injuries where an employee is away from work or unable to perform their normal work duties for more than 7 consecutive days (not including the day of the incident)
- Where an accident leads to someone being taken to hospital
- Near-miss events that do not result in an injury, but could have done. Examples of near-miss events relevant to schools include, but are not limited to:
  - The collapse or failure of load-bearing parts of lifts and lifting equipment
  - The accidental release of a biological agent likely to cause severe human illness

<sup>©</sup> The Key Support Services Ltd | thekeysupport.com/terms

- The accidental release or escape of any substance that may cause a serious injury or damage to health
- An electrical short circuit or overload causing a fire or explosion

Information on how to make a RIDDOR report is available here:

How to make a RIDDOR report, HSE http://www.hse.gov.uk/riddor/report.htm

### 6.3 Notifying parents

Office staff will inform parents of any significant accident or injury sustained by a pupil, including any head injuries, and any first aid treatment given, on the same day, or as soon as reasonably practicable.

## 6.4 Reporting to Ofsted and child protection agencies

The Headteacher will notify Ofsted of any serious accident, illness or injury to, or death of, a pupil while in the school's care. This will happen as soon as is reasonably practicable, and no later than 14 days after the incident.

The Headteacher will also notify the Local Authority of any serious accident or injury to, or the death of, a pupil while in the school's care.

## 7. Training

All school staff are able to undertake first aid training if they would like to.

All first aiders must have completed a training course, and must hold a valid certificate of competence to show this. The school will keep a register of all trained first aiders, what training they have received and when this is valid until.

Staff are encouraged to renew their first aid training when it is no longer valid.

## 8. Links with other policies

This first aid policy is linked to the

- > Health and safety policy
- > Policy on supporting pupils with medical conditions
