Rise up to the challenge

CyberFirst Girls Development Days 2023

Inspired and led by the National Cyber Security Centre (NCSC) - a part of GCHQ, girls in Year 8/9 in England and Wales and Year 9/10 in Northern Ireland and S2/S3 in Scotland, can join free cyber security development days running throughout February and March 2023.

The CyberFirst Girls Development Day initiative is designed to increase understanding of the different specialisms within cyber security and equip girls with valuable, in-demand skills.

There is a series of fun, interactive face-to-face one-day courses as well as virtual courses, to choose from. On the day, the girls will be role playing as cyber security experts working for a fictitious app company, Sirius Cyberworks. Unfortunately, disaster has struck and there has been a serious breach of the company network - a new flagship app has been leaked. The girls' role is to work through four different parts of the company, uncovering how the leak happened whilst learning new cyber skills along the way.

VIRTUAL COURSE DATES
Virtual courses are split over two half days. Choose either the morning or afternoon sessions.

February 2023:

📅 **13-14th**   📅 **16-17th**   📅 **20-21st**   📅 **23-24th**

FACE-TO-FACE COURSE DATES
Face-to-face courses are run on a Saturday from 9am to 4pm. For safeguarding purposes, venue details are released only to registered attendees closer to the time.

- Wednesday 22nd February | Wales
- Saturday 4th March | North East
- Saturday 11th March | Northern Ireland
- Saturday 25th March | South West

New dates will be added soon.
Check **our website** for the latest details.
