

Destination Data 2022

Every year we are sent destination data from the City of York council. This information is requested by the Department for Education but shared with schools as well. The latest data we have is for the cohort of students who left in June 2022. The data tells us which education, training or apprenticeship setting each student moved on to once they left Millthorpe School. We can use this information to evaluate our careers programme and ensure that we are providing the best careers advice and opportunities for our students.

Millthorpe Destination Overview

Millthorpe Destination Breakdown 2022
