

## EAL support for students in York

All of these are voluntary sector partners as the LA have not operated a EAL offer since schools took this money back into their settings some years ago. As you know, there is also no funding provided by government for the Asylum Seeker placements at Stay City Hotel.

Google Translate on an iphone or tablet app could be a good starting point for admission meetings and the child's daily use.

Schools could also commission support from:

Language Line [Interpreting & Translation Services | LanguageLine UK](#)

Flash Academy [FlashAcademy® - Learning Platform for EAL, MFL & Literacy](#)

EAL HUB <https://www.ealhub.co.uk/>

The Bell Foundation [EAL Programme - The Bell Foundation \(bell-foundation.org.uk\)](#)

Naldic [NALDIC | EAL resources | EAL resource library](#)

EAL Highland Council resources [EAL HIGHLAND - Supporting Bilingual Learners of English in Highland Schools](#)

The Learning Village [Printable EAL resources | Learning Village](#)

Targeted Provision (attachment below)

We have also have previously signposted to the below free offers from YSIS and a specific project linked to this lead by their English department.

We have also received the attached offer of support from a retiring Senior Leader in York attached below

Thank you to all schools for the support you are offering to these vulnerable students in our collective care whether from previous and existing settlement schemes for CYP from Syria, Afghanistan and Ukraine or for the new Asylum Seeker arrivals at the Stay City Hotel. It is hugely appreciated
