

Invitation to GCSE Maths Revision Session: Friday, 31st May, 1-3pm

Dear Parent/Carer,

I hope this letter finds you well. I am writing to invite your child to a revision session aimed at maximising their preparation and confidence for the paper 2 maths exam. As this exam will take place immediately after the half term break we are inviting students to an optional revision session during half term to consolidate the independent work they will be completing in that time.

Date: Friday, 31st May

Time: 1:00 pm - 3:00 pm

Location: L block

This revision session will provide further support and guidance for the calculator papers and is an excellent opportunity for your child to consolidate their knowledge, address any areas of difficulty, and approach the exams with confidence.

Please confirm your child's intention to attend by completing the google form by Friday 17th May.

Students do not need to wear uniform.

Students need to bring their maths book, a pen and a calculator.

Students can enter the school premises by either the main gate or the back gate and should go straight to L block to be registered. Students should not be anywhere else inside the school building.

Thank you for your continued support, and we look forward to seeing your child at the revision session.

Best regards,

Caroline Tucker

Head of Mathematics

Millthorpe School
